Dear Sir/ Ma'am,

Subject: Announcement under Regulation 30 (LODR)- Intimation of Greenfield CAPEX at Dahej for Manufacturing of Food & Cosmetic Dyes and Backward Integration of Intermediates.

Ref: Arunaya Organics Limited (SYMBOL/ISIN: Arunaya/INE0TTG01017)

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we wish to inform you that **Arunaya Organics Limited** has approved a **greenfield capital expenditure (CAPEX)** project for setting up a state-of-the-art manufacturing facility at **Dahej, Gujarat**.

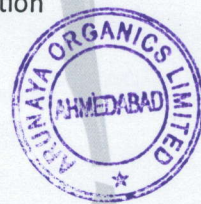

The proposed facility will be dedicated to the manufacturing of **food and cosmetic dyes**, with a strong focus on **backward integration of key intermediates** to be used for captive consumption.

This project marks a significant step in our strategic roadmap, with the following key objectives:

- **Import substitution:** The dyes to be manufactured will cater to domestic demand, reducing reliance on imports and supporting the Government's "Make in India" initiative.
- **Backward integration:** In-house production of intermediates will enhance supply chain resilience and cost efficiency.
- **Sectoral expansion:** Strengthens our presence in the high-growth segments of food-grade and personal care-grade colorants.

The estimated investment for this project is approximately ₹1,300 Lakhs, which will be financed through a mix of IPO Proceeds. The facility is expected to be commissioned by December, 2025, subject to applicable statutory approvals.

This expansion reflects the Company's commitment to innovation, self-reliance, and value creation for stakeholders through sustainable and integrated growth.
